

Financing

Pay \$50/month for 6 months Keeping your business running at peak productivity and efficiency has a lot to do with keeping your software, services, and hardware current. Now there's a way to get everything you need more affordably Microsoft® Financing.

Our approach is unique in that we offer financing for software-centric solutions as well as for more comprehensive solutions that include software, services, and hardware. Microsoft Financing makes your IT needs more affordable through predictable payments that are spread over the life of your IT investment. You can now get the benefits of new technology while matching payments to use. In addition, Microsoft Financing helps you:

Own the hardware purchased outright.

Acquire all your IT needs cost-effectively.

Plan your long-term IT investments.

Streamline the financing process.

Conserve capital.

Preserve your financing credit lines. [Click here to apply](#)
